PFM Italia Consulting - Company

We add value to your business

PFM Italia consulting was born out of the experience of professionals who worked in the field in the areas of production and financial administration and who themselves took part in the evolution of companies and of the international market.

The company is organized in a lean way to support fast decision taking procedures and thus respond in short times to customer requests.

The professionals of PFM Italia Consulting have build up a large set of competences in various industries, through their experiences in all business processes on an international level.

The methodology of intervention is the result of accumulated success stories and is applied in companies ranging from local midsize to large scale international businesses through assistance and support tailored for the individual customer's needs.

The PFM Italia Consulting professionals work in direct contact with the customer's management and resources for the entire time of the service or project.

The managerial range of the PFM Italia Consulting professionals cover ranks from Board advisor, Project manager, Senior consultant to Consultant.

All professionals speak fluently English, Italian and Russian. Several professionals also speak fluently German, French and Hindi.

All of the personnel is available for business travelling inside and outside of the European Community.

Areas of intervention are: Sales, Procurement, Warehouse, Production, Financial Administration (General, Customer, Vendor), Assets, Controlling, Business Intelligence/Analytics.
