## PFM Italia Consulting - Welcome

**We add value to your business**

PFM Italia Consulting was build by a group of professionals, starting in 1995 to manage and realize international projects in the areas of ERP, BI, HRM, WEB and IT for customers with midsize and large companies.

The objective of PFM Italia Consulting is to deliver solutions and consulting services to companies which are challenged with the integration of processes in production and services with the financial and management processes through interactions in the area of management, organization and applications.

The PFM Italia Consulting professionals are highly capable of supporting their customers' companies with managerial, organizational, functional and technical consulting services all over the world.
